At 3:05 p.m. today, MISS BENTLEY again called the writer in connection with the GOLD matter.

She stated that at about 2:45 p.m. the reporter from the "Journal American" returned with a photographer and wanted to get her picture and also inquired of her relative to the GOLD matter as he had in his first interview with her this afternoon, as is reflected in the writer's previous memorandum. Although she still cannot recall the name of the reporter, she stated that he is the same reporter who called on her friend, GERTRUDE COLLINS, during the time that the House Committee was trying to locate her just after she had testified in secret session before the FERGUSON Committee.

She also related that while the "Journal American" reporter was there she received a telephone call from the International News Service and the person making the call related that they had just received a report from Washington indicating that MISS BENTLEY had been in on the GOLD affair and wanted her to "fill them in here." She told the inquirer that she had no comment to make. The person from INS did not indicate any reason for their associating her with the GOLD affair, such as her association with JACOB GOLOS or ABE BROTHMAN.

She stated that in the event she had any further inquiries she would advise the writer.

THOMAS G. SPENCER, SA

MISS BENTLEY again called at 3:30 p.m. and stated that B. I. the INS reporter had made a personal call on her and when she indicated she had no comment he exhibited to her an INS bulletin emanating from

At 1:50 p.m. today, ELIZABETH BENTLEY communicated with the writer and stated that she had just been interviewed in her hotel by a representative of the New York "Journal American" and she did not catch this fellow's name but recalled that it ended in "sky" and that he was a Ukrainian. This reporter told MISS BENTLEY that the "Journal American" had received a tip that she had given information to the FBI that led to the arrest of HARRY GOLD.

MISS BENTLEY stated that she informed the reporter that she had no comment to make in this connection. He then asked her if she received a subpoena from the HCUA relative to GOLD'S activities would she appear as a witness. She related that she told the reporter that she would have to receive a subpoena before she would be able to make any comments in this regard. He then asked her if she had been in contact with the FBI recently and she informed the reporter that she has talked to the FBI on frequent occasions since her return to New York City from Chicago. He then asked her if she had been in the United States Court House recently and she said that she had. She did not elaborate on her visits to the United States Court House but it is pointed out that MISS BENTLEY recently appeared on one or probably two occasions before the Grand Jury in the United States Court House within the past ten days in connection with the RUFINGTON case and as a matter of fact her photograph was in a copy of the New York "Daily News" last Thursday or Friday indicating she had been a witness in the Federal Grand Jury on that day.

MISS BENTLEY related that the reporter did not mention either BROTHMAN or JACOB GOLOS, and she was at a complete loss as to how they picked her as possibly knowing something about HARRY GOLD. It is, of course, speculation but it may be that the fact that she has been in

firm prior to her employment there. It is her recollection that she heard of the position available with the firm through some friend whose name she does not presently recall. Members of the firm were ABRAHAM BROTHMAN, OSCAR JOHN VAGO, JULES KORCHIEN, EMIL Z. BARISH, and GLENNARD NORVAL WALLAN. They were chemical engineers and located at 114 East 32nd Street, New York City.

Miss MOSKOWITZ stated that the 32nd Street office consisted of a small design room and a small "cubby hole" space used as an office. She advised that at the time she came to work for the company, they used a laboratory which was not located in the 32nd street building. It is her recollection that this laboratory was a makeshift affair, not very equipped, but that it was used by the firm and is the only lab she knows of used by the firm until the formation of the laboratory at Elmhurst, L.I., N.Y., which will be described later. Miss MOSKOWITZ stated that she had never been to this laboratory.

Miss MOSKOWITZ stated that when she came to work for the company they had two principal projects, one with the Bridgeport Brass Company, Bridgeport, Connecticut, for whom they were working on DDT dispensers, and the other the Graver Tank Company in Chicago, Illinois. Graver Tank Company is engaged in making heavy machinery and Mr. BROTHMAN was engaged in getting up a sales manual on mixing equipment. She recalled that Mr. JACK MILLS of Bridgeport Brass was one of the firm's contacts, but did not know any other individuals contacted by them. She also recalled that at about the time she came with the firm, there were some negotiations for the sale of a plant to the Cyanamid Company for the manufacture of DDT, but this never materialized. Also a firm in the midwest wanted Mr. BROTHMAN to go on their payroll as an employee, whereas he wanted to be retained by them as a consulting engineer and accordingly, no agreement was ever reached by BROTHMAN with this firm.

Miss MOSKOWITZ stated that she knew nothing of BROTHMAN'S business associates or BROTHMAN'S places of employment prior to the time she came to work for him. Later, however, when the names of the concerns were suggested to her, she admitted knowing BROTHMAN had worked for the Chemurgy Design Corporation, the Hendricks Manufacturing Company, and the Blawnox Company in Pennsylvania, for which BROTHMAN did some sort of development work. She stated that she knows nothing about profit sharing of the members of the company due mainly to the fact that the company never had any profits

MEMO

after she came. She stated that BROTHMAN, in her opinion, is just not a business man and could give no reason why the company did not "pan out" except the lack of a good business manager. She stated that shortly after she came to the company, the DDT work of Bridgeport Brass Company was finished and the company was in very poor financial straits. Miss MOSKOWITZ stated that it is her opinion that BROTHMAN could and should have received royalty payments from the Bridgeport Brass Company instead of the cash fee which he did receive.

Miss MOSKOWITZ stated that KORCHIEN did very little work as a member of the firm and was concerned principally with doing work for himself as an architect. She advised that BARISH left the company soon after she went to work for them and shortly after he left, which was in very early 1945 "the Chinese arrived". Miss MOSKOWITZ said that in January 1945, negotiations were started with the Air Force and the Chinese Government, who wanted to make plywood and lucite for planes. The Chinese were unable to get the DuPont Company to make these articles and as they had heard of BROTHMAN'S reputation in the trade, they came to him and wanted him to develop the two materials, particularly the lucite without conflicting with existing patents held by the DuPont Company. Miss MOSKOWITZ stated that the lucite was very difficult to develop without conflicting with patents, but that BROTHMAN thought he could do it.

She advised that there were months of negotiating with the Chinese and the contract with them was signed about June 1, 1945. She stated that a C.S. WAF and a W.C. TANG, whom she believes were both colonels in the Chinese Air Force did handle the negotiations with the firm. She stated that all members of the firm with the exception of KORCHIEN participated.

Miss MOSKOWITZ recalled that at the same time that negotiations were going on with the Chinese, BROTHMAN was negotiating with some man in the Bronx on a project to design a machine in connection with security light flints. She stated that this project never amounted to anything.

Miss MOSKOWITZ advised that immediately after the Chinese began negotiating with them, they realized that if the contract were signed, it would be necessary for the firm to have a laboratory of their own. She said that practically the day after the Chinese contract was signed, it was decided to build the laboratory, Elmhurst, L.I. She advised that about 600

MEMO
NY 100-95068

square feet of space was rented at 85-03 57th Avenue, Elmhurst. She advised that this building is owned by a Mr. EDWARD QUICK, who is still the owner of the building. QUICK operates a company called the "Peacock Gold Leaf Company" at this address. She advised that Mr. WOLLAN was in charge of setting up the lab. It is her opinion that SEYMOUR MANDELKORN was one of the first persons hired to work in the laboratory and he assisted Mr. WOLLAN in obtaining the other employees.

Miss MOSKOWITZ described MANDELKORN as follows:

Age	27 (1950)
Height	5' 10"
Weight	160 lbs.
Build	Very thin
Hair	Brown wavy
Occupation	Chemist
Peculiarities	Wore no glasses
Miscellaneous	Was not in Armed Services

It is her recollection that the employees were hired in the following order:

Name	SHOLEM SILBERSTEIN

Weight	160 - 165 lbs.

The above names were all that Miss MOSKOWITZ could recall as being employees. She recalled the following employees upon suggestion:

Name	SOL FANSHEL
Occupation	Electrical Engineer
Age	31 or 32 (1946)
Height	5' 10"
Weight	160 lbs.
Hair	Dark Brown

Occupation	Chemical Engineer
Age	40 or 45 (1946)
Height	5'2" or 5'3"

Peculiarities	Bad accent
Miscellaneous	Brought into work on the Chinese contract

Miss MOSKOWITZ stated that there were also a couple of young draftsmen brought in to work on the Chinese contract, but they did not stay long and she cannot now recall their names.

Miss MOSKOWITZ advised that she believes most of the employees were hired through advertisements in the "New York Times" and the technical magazines. She stated that WOLLAN did most of the hiring and that Mr. BROTHMAN was not pleased about some of them. She advised that ROLF WOLLAN came from the midwest and she believes the others were from New York City. Concerning HARRY GOLD, she stated that he had known Mr. BROTHMAN before. GOLD was pleased to have had considerable chemical laboratory experience and that Mr. BROTHMAN thought that he would be a good person to run the laboratory. GOLD was employed from about June 1946 to May or June 1948.

Miss MOSKOWITZ said that money was borrowed in the firm's name to set up the laboratory from BERNARD PIDTO. She advised that PIDTO is a salesman for a bronze powder house and had money at the time. She said that he also had a business located in Brooklyn called the Process Chemicals Company. PIDTO first put up \$16,000.00 which was equal to the first payment to be received from the Chinese which payment would not be due until the products were delivered. The delivery took longer than expected, the firm ran out of money and PIDTO put up various amounts until he had furnished a total of approximately \$25,000.00. (PIDTO is also an investigator and is believed to be sales manager in the waving lotion business BROTHMAN is presently engaged in.)

The Chinese contract ended in approximately September, 1947, but was successful in that the materials were produced, but the firm lost money on the deal, according to Miss MOSKOWITZ.

KORCHIEN dropped out of the firm at the time the firm moved to their present location in Long Island, which was about October 1946. He remained in the 33rd Street office and is still there.

MEMO
NY 100-95068

WOLLAN dropped out of the firm a few weeks after KORCHIEN did. He received a teaching job.

MIRIAM MOSKOWITZ became a partner about the time the firm moved to Long Island. She stated that the firm was unable to meet a payroll and that she had put \$500.00 of her own savings into the company's fund to meet the payroll and that she later on put in money up to about a thousand dollars. She was made a partner as "some sort of a reward".

KORCHIEN received no return when he dropped out of the firm. It was felt that KORCHIEN had not contributed material to the company as he was engaged in his own architectural work.

BARISH received \$500. or \$600. at the time he left.

GERHARD WOLLAN received nothing at the time he left, since the company was broke at the time.

VAGO dropped out in June, 1948 and received nothing. BROTHMAN was broke at the time, using his own savings to run the company.

After the Chinese contract ended about September of 1947, the laboratory carried on in the development of the various steps of manufacturing lucite, the idea being to obtain patents under various steps used to develop the product.

SILBERSTEIN left the laboratory about June 1947. POLF WOLLAN left a few weeks later. GERSON left in the winter of 1948. MANDELKORN had left the company before the firm moved to Long Island in October, 1946. ROHALL left the firm in June of 1947, stayed away about a month and then returned. He was working for a chemical engineer degree and wanted to get experience in design work. He stayed with the firm until February or March of 1949.

At attorney by the name of SERGE JARVIS was helping the firm work on the negotiations with the Chinese, but he was "dropped" before the Chinese contract was signed.

In connection with setting up the laboratory at Elmhurst, L. I., it is Miss MOSKOWITZ' recollection that KORCHIEN may have laid out the

MEMO
NY 100-95068

laboratory. YAGO handled the carpenters, etc. used to build the laboratory. WOLLAN, BROTHMAN, and MANDELKORN handled the purchase of equipment for the lab.

Miss MOSKOWITZ recalled when the name was suggested to her that BOB TOWSEND had been employed by the firm as a draftsman prior to October 1946. He is described as 25 (1946); 5' 6" tall; 150 lbs.; light brown and curly hair; wore no glasses; had been in Navy. She stated that TOWSEND has lately been very ill and looks nothing like his former self. She advised that TOWSEND occasionally visits the office in Long Island.

ISAAC HALPERN, who died in the winter of 1947 was an accountant who handled the company's books in both the 32nd Street address and in Long Island City. HALPERN was in business by himself with an office and residence in Manhattan. He is described as: in 60's; 5' tall; very tiny and very thin; wore thick lensed glasses; grey hair.

When the name was suggested to her, Miss MOSKOWITZ stated that BERNARD MISHKIN was associated with the company about October, 1946. He was a "contact man" who knew several rich people and was going to be a sales representative. She stated that nothing ever came of MISHKIN'S association with the company. She advised that he took a trip to England in the spring of 1947 and came back with a large contract with an English firm for the development of a methacrylate process. This contract was cancelled by the English firm a few weeks later due to monetary difficulties with the British Government. MISHKIN was described as: 38 (1950), 5'10" tall, 160 lbs.; blond curly hair; slender build; wore well tailored suits; wore glasses for reading.

Miss MOSKOWITZ advised that the names FRANK KEPPLER and FRANK KESSLER mean nothing to her. She had never heard of them.

Miss MOSKOWITZ stated that the firm had never had any dealings with the British scientific or diffusion mission or with the British Government in any way or any of their representatives. She said that they had started negotiations with Amtorg in 1946 concerning a vitamin plant. She had met one of the representatives whose name was EVERIANOVICH. She stated that these negotiations never got very far and they were either going to develop a process for Amtorg or use one of Amtorg's processes to set up a plant in Russia.

MEMO
NY 100-95068

Negotiations never got to the point where the actual location of the plant was decided upon.

The present accountant for the firm is DAVID LICHMAN of the firm of MARTIN B. GETTY on 5th Avenue, New York City. The firm's bank account is presently located in the National City Bank, Queens Plaza Branch. It was formerly located at the National City Bank, 32nd Street Branch.

Miss MOSKOWITZ has no bank account at the present time. She has a small savings account at the Empire City Savings Bank, 33rd Street and Park Avenue, New York City. She has always filed her federal income tax return at either 110 Livingston Street, Brooklyn, or at 45th Street, Manhattan. She recalls that she did not file one in 1946 or 1947 due to the financial losses she had taken in the company. All state tax returns have been filed in Albany, New York. She has never filed a tax return in New Jersey.

Of the photographs shown to her, Miss MOSKOWITZ picked out the photograph of HARRY GOLD, but stated that she did not think it was a good picture of him, did not look like him, and that he certainly was not 66" tall. She picked out the picture of ELIZABETH BENTLEY and stated that she recognized it from having been published in the newspapers.

Miss MOSKOWITZ furnished the following information concerning the background of BROTHMAN'S partners:

KORCHIEN - born upstate New York; father deceased; sister a dancer, a social butterfly type; was not in Armed Services; single; now about 50 years old; mature personality; does not know how he met BROTHMAN; belongs to professional architects' organizations; knows of no other organizations to which KORCHIEN belonged.

BARISH - came from west; went to school in California; father and mother were teachers; middle name is ZOLA; lost a thumb in a machine shop when young; has two children; BARISH and BROTHMAN had known each other before; knew of no organizations to which BARISH belonged.

VAGO - Hungarian accent; wore glasses; thin hair, almost bald; went to school in Europe at University of Budapest; has two children to which devoted; man for details; childish in some respects; believes he knew Mr. KORCHIEN; knew of no organization to which VAGO belonged.

MEMO
NY 100-95068

WOLLAN - from midwest; a teacher at one time; father was a school teacher; WOLLAN'S wife from midwest; had one child; possibly knew BROTHMAN before; knew of no organizations to which WOLLAN belonged.

None of BROTHMAN'S partners were in the Armed Forces.

Miss MOSKOWITZ furnished the following information concerning HARRY GOLD; she had not known him prior to the time he came with the firm in May or June 1946.

She recalled GOLD came to the office once or twice in April or May 1946 before working at the laboratory, but did not know how he came into contact with BROTHMAN. She first became aware of his name when discussions were held concerning the need of a chemist in the laboratory.

When GOLD came with the firm from Philadelphia, he spoke of his wife whom he described as a tall beautiful redheaded girl who had formerly been a model with Gimbels. He often spoke of his twins, ESSIE and DAVID, and on one occasion pulled out his wallet to show Miss MOSKOWITZ a picture of them, but put it back immediately, stating he apparently did not have the pictures with him. GOLD apparently talked to the others in the lab about his wife and children and according to Miss MOSKOWITZ appeared to be very devoted to them. He also said he had a brother who was a paratrooper who had been killed in the Pacific.

In 1947, 1948 in filling out a withholding income tax form, Miss MOSKOWITZ asked how many dependents to put down. GOLD said one and when she suggested his wife and children should be put down as dependents, he became hysterical. Miss MOSKOWITZ was suspicious at this time as to the existence of GOLD'S family.

MOSKOWITZ visited GOLD when his mother died and met his brother who was supposed to have been killed. There was no evidence of any wife or children. She was convinced that they were not existent. The mother died in the winter or spring of 1948.

MOSKOWITZ believed that GOLD originally agreed to come on whatever salary could be paid him and he had received about \$100. per week. He apparently had no other income of his own. Sometime in 1947, the firm

MEMO

NY 100-95068

went absolutely broke and GOLD agreed to stay on in the expectation of eventually receiving his salary and obtaining a share in whatever proceeds might be made. However, his salary was never paid and the firm now owes him approximately \$2500.00 for about one half year's wages. During this latter period, GOLD had to repay a loan to a bank and he was "frantic for cash". MOSKOWITZ knew no further details regarding this, however, she believed that he possibly borrowed from his brother and father to obtain much of his living expenses during this time. In June, 1948, GOLD went back home to Philadelphia. His father and brother wanted him to come back and for this reason, he left the firm.

MOSKOWITZ recalled that in the summer of 1947 one PHILIP LEVINE started to hang around the laboratory and he eventually was hired to work in the lab. LEVINE, whose home originally was in Boston, had previously worked at a hospital and also at a private lab in New York City. He had a wife, a child, and got an apartment in Forest Hills in the vicinity where Mr. VAGO lived. The possibility of a job with the firm was apparently suggested to him by Mr. VAGO. He was described as 30 (1948); 6' tall; 180 lbs.; medium build; black curly hair; no glasses. LEVINE, GOLD and VAGO left the employment of the firm about the same time.

With regard to travel, MOSKOWITZ stated that BROTHMAN did all of the travelling for the firm and the partners never did any travelling. She indicated travelling done by years as follows:

1944 - BROTHMAN travelled occasionally to Bridgeport Brass in Connecticut. BROTHMAN was in Chicago regarding contract with midwest firm at time she came with firm.

1945-1946 - She knew of no travel.

1947 - In the summer of 1947, BROTHMAN began to make trips to Philadelphia in connection with a contract with the Stanton Laboratories with which the contract was finally signed in November of that year.

1948 - In early 1947, a Dr. JASCHA POMERANIEC, naturalized Englishman, originally from Germany, dropped into the laboratory claiming he had a lot of contacts in Europe. He also represented the Great Universal Stores in

MEMO

NY 100-95068

England. He now has Commercial Plastics, Ltd. POMERANIEC was interested in the plywood glue process for furniture and in the lucite process. BROTHMAN drew up a brochure giving him authority to negotiate and POMERANIEC returned to Europe. The firm occasionally received a few letters from him and he wrote sometime in 1947 of negotiations with a Swiss firm, Lonza, a major chemical and electrical firm in Switzerland located at Basale. In connection with negotiations with this latter firm, BROTHMAN and Miss MOSKOWITZ went to England in May 1948 meeting Dr. POMERANIEC in London. The following day they went to Switzerland where they stayed at Fetzow for several weeks. Negotiations were not concluded then and BROTHMAN and MOSKOWITZ returned to the United States in the beginning of June 1948. Discussions were continued by mail.

1949. In about April 1949, Dr. POMERANIEC acting as ABE BROTHMAN ASSOCIATES' agent, signed a contract with Lonza; in June 1949, BROTHMAN and MOSKOWITZ went to London, England, where they stayed two or three days. Negotiations were conducted with Imperial Chemicals Industries and a possible contract with this company is now pending. From London, they went to Switzerland where they stayed four weeks. They then returned to Paris four days, London two days, returned to the United States at the end of July.

BROTHMAN made a trip to St. Louis about five months ago in connection with a contract for industrial process engineers at Newark.

Neither BROTHMAN or Miss MOSKOWITZ ever went to Canada. MOSKOWITZ never heard of EMIL JULIUS KLAUS FUCHS, except what she read recently in the newspapers. She stated that she would never have believed it if she had not seen FUCHS' statement in the papers.

None of the partners ever made any trips to Canada as far as Miss MOSKOWITZ knew. She did not know of any travel made by any of the employees excepting GOLD frequently went to Philadelphia over the weekends apparently to see his family, during the time he was employed with the firm.

With reference to R.V. RAMANI, he came from India from a firm for whom BROTHMAN and ASSOCIATES did a lot of work on an original \$500.00 fee basis. Later the work expanded so that about \$10,000.00 was expended by the firm, and although they billed the Indian Company for this amount they

MEMO
NY 100-95068

were only paid the original \$500.00 fee. This is the Seshasay Brothers, Ltd., Trichinopoly, South India. RAMANI was sent to them for training.

With reference to laboratories known to MOSKOWITZ, she stated that other than as previously indicated, she only knew of the small laboratory conducted by Dr. LUDWIG ROSENSTEIN located in the same building on West 82nd Street as ABE BROTHMAN and ASSOCIATES had been located. BROTHMAN frequently met Dr. ROSENSTEIN for lunch and this was purely a contact as between two professional men. The firm never did any work in ROSENSTEIN's lab and there were no connections between the two. ROSENSTEIN was with the Texas Company and is now in California.

Enclosed herewith to the Philadelphia Office is one roll of sixteen millimeter film which was exposed on June 18 and June 19, 1945. The portions of the film between the strings tied onto the edge of the film contain pictures of a man and a woman walking on the street. These pictures have been viewed by Agents who conducted surveillances of A. A. YAKOVLEV, and it is their belief that the man in these pictures is YAKOVLEV.

However, it is noted that this film was exposed in 1945, whereas surveillances were not conducted of YAKOVLEV until the latter part of 1946. (u)

The Agents who surveilled YAKOVLEV have also viewed the still pictures of YAKOVLEV taken with LAM ADONIAN and which have been furnished to the Philadelphia Office by letter of May 27, 1950, and they have identified the still pictures of YAKOVLEV and feel that these stills are identical with the individual on the enclosed motion picture film.

It has also been noted by surveilling Agents that YAKOVLEV took shorter steps than the average man in walking, and carried his shoulders square, though hunched forward slightly.

It is requested that the motion picture film and the container be returned to the New York Office by the Philadelphia Office when they are no longer of use to that office.

At 2 p.m. today Inspector A. H. Belmont called and instructed that the prosecutive summary in this case be prepared immediately in order that the Department will have no excuse for delaying the case.

He stated that the Bureau is sending the Department a copy of our report and a copy of report of the Philadelphia Office. He said when he had talked previously to ASAC Whelan it had been decided to hold off on the prosecutive summary until some leads had been covered, but in view of the fact that an indictment may soon be returned it is felt that this office should get the prosecutive summary in immediately. Mr. Belmont said that this way we will not be able to have all the leads covered, but it is better to get it in right away.

 "The Hidden Treason." You are certainly to be

I hope that your objective presentation

Inspector A. H. Belmont at 10 a.m. today advised that yesterday Subject again appeared before Judge McGranery and an attorney (HAMILTON) was appointed for him; that as a result Agents are still interviewing GOLD; that they interviewed him last night and he opened up further and identified three of his contacts; that his story is as follows:

The man who put GOLD into this work is THOMAS L. BLACK, whom we already know about; that it seems he had been closely associated with BLACK ever since. The Philadelphia Office interviewed BLACK on May 31st but he did not give them much. GOLD told SA T. Scott Miller last night that about 1938 BLACK pointed to WHITTAKER CHAMBERS' name as Editor of TIME and told GOLD he knew Chambers in connection with espionage. BLACK also told GOLD that Chambers gave information "on his own activities to Army Intelligence". Several times subsequent to 1938 and prior to 1946 BLACK talked about Chambers and wondered if Chambers would remember him. On one occasion BLACK described to GOLD his Russian contacts and GOLD is certain it was SAM SEMENOV.

Another contact was ALFRED DEAN SLACK up in the Buffalo-Rochester area. Mr. Belmont said he had not gotten it yet but the Bureau has an Atomic Energy Act file on SLACK.

The third contact was an unknown soldier at Albuquerque and there is to be considered the possibility that it might be THEODORE HALL.

Mr. Belmont stated that the Philadelphia Office sent a teletype last night with the information on SLACK under the title ALFRED DEAN SLACK, ESPIONAGE R; that he is telling Philadelphia to give us all the information they have on the unknown soldier today.

ESPIONAGE - R

I called Inspector A. H. Belmont of the Bureau at 9:50 a.m. today and advised that Mr. Granville and I had been discussing the prosecutive summary requested in this case; that we felt that as a bare minimum we ought to have in that summary report authoritative information on what FUCHS told Mr. Clegg and SA Lamphere; that while we have received a few letters and teletypes in this connection from the Bureau, we do not know exactly what the picture is from the standpoint of the net results of this interview with FUCHS; that it is imperative to know where FUCHS stands on this - is he in a position to give a deposition or what; that without this it would seem to be a premature summary report and not worth very much.

Mr. Belmont said he is going to talk to Mr. Whearty of the Department on this matter; that yesterday he had given him copies of the New York and Philadelphia reports. I advised that we had given these reports to US Attorney Keogh, EDNY, yesterday, as well as a copy of a Charlotte report. Mr. Belmont said he would point out that Agents will be back from London tomorrow and that we have some new developments that should be in the prosecutive summary and see if we can hold off the submission of it for a little while.

Mr. Belmont said they are faced with the fact that the Department wants to get out an indictment before June 12th and they are pressing the Bureau and the Bureau does not want to be in the position of holding up any action they might want to take because we do not give them the information. He said he would put it to them on the basis that we are giving them the information we have in furnishing them the investigative reports.

Mr. Belmont said he will call me back later in the day on this. I stated that we will hold off on preparing a summary until we hear from him.

INFORMANT ESPIONAGE-R. AND RE PHONE CALL PHILA. TO ALBANY TODAY.
FOR INFO PITTSBURGH HARRY GOLD HAS ADMITTED THAT HE WAS THE AMERICAN
CONTACT FOR KLAUS FUCHS AND WAS WORKING FOR SOVIETS. GOLD ADVISED
LAST NIGHT THAT IN FALL OF FORTY ONE OR POSSIBLY EARLIER THAN THAT HE
WAS WORKING FOR A RUSSIAN NAMED SAM, LATER IDENTIFIED AS SEMEN SEMENOV.
IN FALL OF FORTYONE GOLD WENT TO NEW YORK ON A SATURDAY NIGHT FOR PRE-
ARRANGED MEETING WITH SAM. DURING MEETING SAM GAVE HIM NAME OF AL
SLACK, ROCHESTER, NEW YORK AND TOLD GOLD TO IMMEDIATELY GO TO
ROCHESTER AND CONTACT SLACK WHO WAS TO GIVE RUSSIANS INFO. GOLD
IMMEDIATELY GOT BUS FROM NYC AND ARRIVED ROCHESTER SUNDAY MORNING.
CALLED SLACK ON PHONE AND MET HIM IN FRONT OF MOVIE THEATER, ROCHESTER,
NEW YORK. AT FIRST MEETING A GENERAL AGREEMENT WAS REACHED THAT
SLACK WAS TO TURN INFO OVER TO GOLD WHICH SLACK COULD OBTAIN AT EASTMAN
KODAK. GOLD ADVISED THAT SLACK WAS NOT A COMMUNIST BUT A SOCIALIST
AND A GRADUATE OF SYRACUSE UNIVERSITY. GOLD STATED THAT HE INTRODUCED
HIMSELF TO SLACK UNDER THE NAME OF MARTIN AND THAT DURING HIS LONG
ASSOCIATION WITH SLACK LATTER NEVER LEARNED GOLD'S TRUE IDENTITY.
AT TIME GOLD MET SLACK LATTER WAS A CHEMIST. GOLD SAID THAT SLACK
WAS A CHEMIST EMPLOYED BY EASTMAN KODAK AND WORKED IN THE PHOTOGRAPHIC

PLANT IN ROCHESTER PROPER. GOLD SAID THAT FROM THIS FIRST MEETING THERE FOLLOWED SIX OR SEVEN MEETINGS BETWEEN THE TWO WHILE SLACK WAS EMPLOYED BY EASTMAN IN ROCHESTER. GOLD ADVISED THAT RUSSIANS WERE MAINLY INTERESTED IN ONE, CHEMICAL USED IN THE PREPARATION OF THE FILM EMULSION USED FOR KODACHROME, TWO, THE DEVELOPERS USED FOR KODACHROME AND THREE, DATA ON MANUFACTURING TECHNIQUE. GOLD ADVISED THAT SAM SPECIFICALLY REQUESTED GOLD TO OBTAIN THIS INFO FROM SLACK AND GOLD OPINION THAT NO. ONE AND TWO OBTAINED BUT HE DOES NOT KNOW WHETHER NO. THREE WAS OBTAINED. GOLD ADVISED THAT NEARLY ALL OF THE MEETINGS IN ROCHESTER WERE ON SUNDAYS AND MEETINGS WERE ARRANGED IN TWO WAYS. ON OCCASIONS GOLD WOULD ADVISE SLACK THAT HE WOULD BE BACK IN THREE OR FOUR WEEKS AND ON OTHER OCCASIONS WOULD SET A DEFINITE DATE. GOLD RECALLS THAT THIRD TIME HE WENT TO ROCHESTER HE WAS DRIVEN BY SLACK TO LATTER-S FARM IN WEBSTER OR WEST WEBSTER, NEW YORK. THERE MET SLACK-S WIFE AND FATHER, LATTER BEING AN OLD RETIRED CHEMIST, FORMERLY EMPLOYED SOLVAY PROCESS CO., SYRACUSE, NEW YORK. WIFE MAY HAVE BEEN NAMED SYLVIA. GOLD ADVISED THAT OF SIX OR SEVEN TRIPS HE MADE TO ROCHESTER HE OBTAINED INFO ABOUT TWO OR THREE TIMES AND SUCH INFO INCLUDED SAMPLES OF CHEMICALS. GOLD RECALLS THAT HE PAID SLACK SEVERAL TIMES AND EVEN ON OCCASIONS WHEN NO INFO WAS TOLD BY SLACK, THE AMOUNT OF WHICH PAYMENT TO SLACK WAS APPROXIMATELY TWO HUNDRED DOLLARS WHICH HAD BEEN SUPPLIED GOLD BY SAM. GOLD ADVISED THAT ONE MEETING DURING THIS PERIOD TOOK PLACE IN PHILA. AT NORTH PHILA. STATION, PENNA. RR, WHEN SLACK WAS RETURNING FROM BELLE, U. VA. SLACK HAD GONE TO BELLE, U. VA. TO CONTACT HOWARD GOCHENAUR, WHO AT THAT TIME WAS EMPLOYED BY DUPONT PLANT THERE MFG.

RAW MATERIALS FROM NYLON. THIS WOULD BE BETWEEN FALL FORTYTWO AND FALL FORTYTWO. SLACK, UPON INSTRUCTIONS FROM GOLD, OBTAINED INFO ON MANUFACTURE OF NYLON FROM COCHENEAUT AND PAID COCHENEAUT THE SUM FROM FIVE HUNDRED TO ONE THOUSAND DOLLARS, WHICH GOLD HAD GIVEN SLACK FOR THIS PURPOSE. GOLD HAD OBTAINED MONEY FROM SAM. GOLD IS OF OPINION THAT COCHENEAUT ACTUALLY THOUGHT THE INFO WAS GOING TO ANOTHER COMMERCIAL FIRM IN THE U.S. INFO NOT PASSED TO GOLD AT NO. PHILA. STATION BUT AT NEXT MEETING AT SLACK FARM. SLACK AND GOLD SPENT ENTIRE DAY GOING OVER FORMULA AND FOUND IT WAS QUITE JUMBLED AND DID NOT INCLUDE THE MOST IMPORTANT STEP, TO VIT, THE ACTUAL POLYMERIZATION TO THE HIGH MOLECULAR WEIGHT POLYAMIDE. GOLD RECALLS THAT ON ONE DAY SLACK CAME TO NEW YORK FOR A MEETING WITH GOLD NEAR GRAND CENTRAL AREA AND GOLD SEEMS TO RECALL, ALTHO VERY HAZY, THAT SLACK MET SAM. GOLD STATED HE DID NOT WANT TO MAKE THIS AS AN UNQUALIFIED STATEMENT. GOLD STATED THAT ON ONE TRIP TO ROCHESTER HE STAYED AT THE POWERS HOTEL AND MAY HAVE USED HIS OWN NAME. IN FALL OF FORTYTWO SLACK WAS TRANSFERRED TO TENNESSES EASTMAN AT KINGSFORT, TENN., WHERE EMPLOYED IN THE CELLULOSE ACETATE PLANT. GOLD STATED THAT WHILE IN TENN. SLACK ALSO EMPLOYED AT HOLSTON ORDINANCE WORKS AND THAT LATTER MAY BE CONNECTED WITH TENN. EASTMAN. GOLD MADE TRIP TO ROCHESTER AND FOUND FROM SLACK'S WIFE WHERE HE WAS. GOLD LATER FOUND OUT THAT MRS. SLACK JOINED HUSBAND WINTER OF FORTY TWO. GOLD ADVISED THAT ON OCCASIONS IN

ROCHESTER SLACK ACTED AS THOUGH HE WERE TRYING TO BREAK WITH SOVIETS AND GOLD HAD TO GIVE HIM WHAT GOLD DESCRIBED AS QUOTE PER TALKS UNQUOTE. GOLD DESCRIBED THESE TALKS AS EXPLAINING TO SLACK WHAT A GREAT SERVICE HE COULD DO TO RUSSIA AND THAT HE SHOULD NOT BELIEVE THE STORIES HE READS ABOUT THE RUSSIAN PEOPLE AND THAT THE GERMAN ARMY HAD A TERRIFIC STRIKING FORCE AND WITHOUT HELP FROM OTHERS RUSSIA WOULD BE OVERRUN AND IT WAS AN ABSOLUTE NECESSITY TO GET INFO TO HELP RUSSIA. AFTER THIS PERIOD OF HAVING LOST CONTACT WITH SLACK, GOLD WENT TO KINGSFORT, TENN. AND CALLED SLACK ON PHONE. GOLD DID NOT GET IN TOUCH WITH HIM THAT DAY BUT DID THE NEXT AND GOLD OF OPINION THAT SLACK WAS AGAIN ATTEMPTING TO BREAK WITH THE RUSSIANS BUT MUST HAVE REALIZED NOW DEEP HE WAS INVOLVED. GOLD MADE TWO OR THREE TRIPS TO KINGSFORT DURING FORTY THREE. GOLD STATED THAT HE BELIEVES HE REGISTERED AT THE KINGSFORT INN, WHICH HE DESCRIBED AS THE LARGEST HOTEL IN KINGSFORT. HE DID NOT RECALL WHAT NAME HE USED WHEN REGISTERING. ON EACH OCCASION GOLD THINKS HE MET SLACK AT SLACK'S HOUSE IN KINGSFORT. GOLD RECALLED THIS HOUSE AS A VERY NEW PLACE NOT TOO FAR FROM A STADIUM. ON SECOND TRIP TO TENN. GOLD STATED HE OBTAINED INFO FROM SLACK AND THAT THIS WAS ONLY TIME GOLD OBTAINED INFO FROM HIM WHILE SLACK IN TENN. THIS INFO WAS AS FOLLOWS- ONE, PREPARATION OF VERY PURE NITRIC ACID USED IN THE NITRATION PROCEDURE IN CONNECTION WITH MANUFACTURE OF A NEW

POWERFUL EXPLOSIVE WHICH GOLD SAID HE LATER FIGURED OUT TO BE RDX. TWO, SAMPLE OF THIS EXPLOSIVE IN TWO RUDDER CONTAINERS WHICH SLACK STATED HAD BEEN PACKED IN SUCH A WAY THAT THERE WAS LITTLE DANGER OF EXPLOSION. GOLD RECALLS SOMETHING SLACK SAID ABOUT IT BEING PACKED QUOTE UNQUOTE. GOLD ADVISED THAT SLACK GAVE HIM A NAME FOR THIS EXPLOSIVE AT THE TIME BUT HE DID NOT RECALL IT. GOLD STATES, HOWEVER, THAT IF THE NAME WERE CALLED TO HIS ATTENTION HE WOULD PROBABLY RECOGNIZE IT. GOLD SAID HE RETURNED TO PHILA. WITH THIS INFO AND MATERIAL AND STAYED AT HIS HOME SEVERAL DAYS AND THEN WENT TO NYC TO WHERE HE CONTACTED SAM AND GAVE HIM THE MATERIAL. GOLD SAID THAT HE BELIEVED IT WAS IN MANHATTAN. GOLD ADVISED THAT ALL THE INFO HE EVER RECEIVED FROM SLACK, WHETHER IT WAS IN ROCHESTER OR TENN., WAS TURNED OVER TO SAM. GOLD STATED THAT HE MADE A THIRD TRIP TO TENN. BUT THE ONLY THING HE OBTAINED WAS INFO FROM SLACK THAT LATTER WAS BEING TRANSFERRED TO A VERY HIGHLY SECRET PROJECT NOT IN KINGSFORT AND SLACK SAID THAT HE THOUGHT THAT IT HAD SOMETHING TO DO WITH MANUFACTURE OF A SPECIAL POISON GAS. GOLD SAID THAT FOURTH TRIP TO KINGSFORT WAS AROUND CHRISTMAS FORTYTHREE, AT WHICH TIME HE ASCERTAINED, FROM OCCUPANTS OF HOUSE FORMERLY OCCUPIED BY SLACK THAT SLACKS HAD JUST MOVED AND HAD GONE TO CHATTANOOGA. GOLD SAID THAT HE LATER IMAGINED THAT SLACK HAD BEEN TRANSFERRED TO OAK RIDGE. GOLD GAVE THIS INFO TO SAM AND SUGGESTED THAT HE, GOLD, GET IN TOUCH WITH SLACK-S FATHER, TO ASCERTAIN WHERE SLACK ACTUALLY WAS. GOLD SAID THAT AT HIS NEXT MEETING WITH SAM AFTER HAVING GIVEN THE ABOVE INFO, SAM

INFORMED HIM THAT GOLD SHOULD DROP ALL HIS CONTACTS, MEANING BROTHMAN AND SLACK, BECAUSE HE WAS GOING ON A VERY IMPORTANT ASSIGNMENT. THIS ASSIGNMENT HAS PREVIOUSLY BEEN EXPLAINED AS GOLD'S ASSOCIATION WITH KLAUS FUCHS. GOLD SAID THAT HE MADE NO PREARRANGED MEETINGS WITH SLACK AT TEIN. BUT WOULD MERELY CALL SLACK WHEN HE ARRIVED AT KINGSPORT. GOLD STATED THAT HE CANNOT RECALL WHETHER HE GAVE ANY MONEY TO SLACK WHILE LATTER WORKED IN TEIN. BUT THAT HE MAY HAVE GIVEN HIM SOME. GOLD STATED THAT ON SEVERAL OCCASIONS WHEN HE PAID SLACK HE OBTAINED RECEIPTS FROM HIM. GOLD STATED THAT FROM HIS ASSOCIATION WITH SLACK HE ASCERTAINED THAT SLACK HAD PROBABLY BEEN PUT IN CONTACT WITH ~~XX~~ THE SOVIETS BY A FRIEND NAMED DICK, LAST NAME UNKNOWN, NOW DECEASED, WHO WAS A RADICAL. DICK PROBABLY IDENTICAL WITH RICHARD DANIEL BRIGGS, MENTIONED IN BUTEL JUNE ONE, SETTING OUT INFO ON SLACK. GOLD STATED THAT HE IS OF OPINION THAT BEFORE HE MET SLACK LATTER HAD BEEN IN DIRECT CONTACT WITH A RUSSIAN BUT THAT GOLD IS PROBABLY FIRST INDIVIDUAL TO WHOM SLACK GAVE ANY INFO FOR BENEFIT OF RUSSIANS. GOLD SAID THAT FROM SOMETHING SLACK SAID AND WHICH HE CANT RECALL, SLACK HAD TO DIVERT CONTACT WITH THE RUSSIAN. PITTSBURGH REQUESTED TO ASCERTAIN WHETHER HOWARD GOCHEZNAUR STILL EMPLOYED DUPONT PLANT, BELLE, U.VA. Gentlemen:-

I am advised by employees in this building that Harry Gold, who has been indicted in Pennsylvania, and accused of transmitting stolen atomic data to Russia, was associated with Brothman Associates, who have offices in this building; my information is that he left here about three years ago.

This may be of assistance to you, and even though I do not recognize the man myself, I do not believe those who did so recognize his picture would bring this connection to your attention.

I shall appreciate it if this information is kept confidential.

Very truly yours,

RE: HARRY GOLD, WAS
ESPIONAGE - R

SA Richard E. Brennan advised that the U.S. Attorney's Office for the Eastern District of New York had informed them that they would head for the Grand Jury tomorrow the map of Santa Fe and the Boston timetable found in GOLD'S residence.

I called Mr. Cornelius of the Philadelphia Office and requested him to have an agent from Philadelphia bring the map and timetable to New York tonight.

Mr. Cornelius had contacted me previously during the day and advised that the U.S.A. in Philadelphia, Mr. Gleason, had thought it would be necessary for SA T.S. Miller to make a return on the original warrant and requested Mr. Miller do this and have the warrant forwarded to Philadelphia. I advised Mr. Miller of this.

Later in the morning SA Brennan stated that U.S.A. Keogh had contacted U.S.A. Gleason in Philadelphia telephonically and had worked out all arrangements on the handling of the warrant and the return of it to Philadelphia. I so advised Mr. Cornelius.

At 3:00 P.M. Mr. Cornelius called back and said Mr. Gleason apparently did not understand the method by which the warrant was being handled and requested we have Mr. Miller bring the original warrant to Philadelphia when he returns in order that the return may be executed on the warrant. I advised Miller to do this.

I then spoke to AUSA Parker who told me that Mr. Keogh had spoken to Mr. Gleason on this matter earlier during the day and he thought the arrangements had been all worked out. He was under the impression it was not necessary to forward this to Philadelphia but would call the U.S.A. at Philadelphia again at which time they would decide what was to be done with regard to the warrant. It was Parker's opinion the warrant could be mailed to Philadelphia this afternoon and that it would be satisfactory. I told Mr. Parker we wanted to do whatever the U.S.A. felt necessary in regard to this matter and to advise me if there were any further instructions with regard to the original warrant. Mr. Parker said he would do this.

U.S. Attorney Keogh called and wanted to know where GOLD was to be arraigned and requested that I contact the Bureau to ascertain this. He also advised they contemplated now to hand down the indictment at 1:00 P.M. on June 9th.

I told Mr. Keogh that the problem of the arraignment of GOLD was something that was not up to the Bureau but was up to the Department and advised him accordingly that he should communicate with Mr. McInerney of the Department to ascertain this and that I would take no further steps in view of the fact that it was a policy matter for the Department.

I then called Mr. Belmont of the Bureau and told him of the 1:00 P.M. arraignment for June 9th and advised him of the fact that Mr. Keogh had called and had been referred to the Department.

I also called Mr. Derry, a representative of the Atomic Energy Commission who will testify at the Grand Jury hearing tomorrow and advised him we would make arrangements for have an agent take him over to the Eastern District of New York. He advised he would like to talk to Mr. Parker prior to appearing before the Grand Jury and told me he had received the information which he was to testify to.

I checked with Mr. Parker as to when he desired to see Mr. Derry and he said it would be satisfactory if he would be at the U.S. Attorney's Office, EDNY, at 9:15 A.M. June 9th.

I called Mr. Derry back and advised him of this fact and arranged to have SA Harrington meet him at 8:30 at the Hotel Commodore.

Mr. Belmont called at 10:30 A.M. and advised that the witnesses contemplated being used before the Grand Jury on June 9th are as follows:

Mr. Dahlgren of the Laboratory, who will be in New York City on June 9th

Mr. Lamphere of the Bureau, who will testify generally relative to the interview of FUCHS

Mr. John A. Derry, executive officer of the Biology and Research Division of the Atomic Energy Commission, who will testify as to the classified nature of the atomic energy information as obtained from GOLD

With regard to Mr. Derry, Mr. Belmont pointed out that Mr. Derry had indicated he would contact Mr. Frank Parker today and that it would be a good idea to have an agent contact Derry and take him to the Eastern District of New York and explain the various problems which might arise with regard to his appearance as a witness.

Mr. Belmont said that the Department has drafted the indictment utilizing GOLD'S statement and wanted to know if we had a copy of it. I told Mr. Belmont that we did have.

Mr. Belmont advised that Mr. Hamilton, GOLD'S attorney, and USA Gleason of Philadelphia have agreed to a proposal whereby GOLD may enter a plea in the U.S. District Court in Philadelphia under Rule #20. I advised that the Eastern District of New York would be sorry not to handle the case. Mr. Belmont stated that Mr. Whearty had advised that the Department would not object and sometime today Mr. Whearty will contact Hamilton and advise him.
